QUALITY TIMBER WINDOWS, DOORS & STAIRCASES

Enhance the beauty of your home with superb quality, bespoke made to measure Timber Windows, Doors and Staircases. Each item is handcrafted in North Yorkshire on our premises, so you can be assured that you are dealing with joinery specialists.

Our team is passionate about our product range that is offered, which is why they have unrivalled performance, style and durability. We strive to offer you the highest level of service throughout the entirety of your project.

MADE IN YORKSHIRE

Established in 1850, we are a leading manufacturer of high quality Timber Windows, Doors and Staircases. Our reputation is built on the high quality of our products combined with an excellent professional service.

Whether you are a professional or homeowner, our experienced joiners, sustainably sourced timber and the latest CNC technology ensures we are able to produce the very best quality joinery, that will last for decades to come.

ENHANCE YOUR PROJECT

With our high performing product ranges, that can be tailored to your individual needs, our professional approach and expert knowledge will ensure your project runs smoothly from concept to delivery.

CASEMENT WINDOWS

Perfectly suited for new builds, extensions and renovations of both traditional and contemporary properties, our casement windows offer a sleek appearance combined with outstanding performance.

This means our casement windows are popular with homeowners and professionals alike.

Made bespoke to you, timber casement windows offer several benefits ranging from outstanding security, longevity and improved thermal efficiency for your home. Adhering to current building regulations, casement windows provide many benefits for your home renovation.

- Available in 'Flush' or 'Stormproof' designs
- Colour-matched trickle vents available
- Triple glazing available

TIMBER DOORS

Our timber doors are durable yet stylish and available in a range of different design options.

From farmhouse to town house, our range of timber doors are available in a variety of styles and finished with many glazing and panel choices.

Choose from options such as entrance doors, pairs of doors, bi-folding doors and stable doors.

SLIDING SASH WINDOWS

Timeless in appearance, sash windows are where traditional style meets modern efficiency. Sympathetic in design, our sliding sash windows provide exceptional quality and performance in a range of designs to suit your home.

Double glazing, double draught-proofing and a full factory paint finish are why our beautiful sliding sash windows are the right choice for you.

Operating on cords and weights or spring balances, along with a range of glazing options, sliding sash windows are suitable for a range of buildings including new builds, listed properties and buildings in conservation areas.

FINISHING TOUCHES

Add the finishing touches to your windows and doors with the extensive range of ironmongery that we offer.

Choose your traditional or contemporary ironmongery from our trusted suppliers.

BESPOKE

Offering a bespoke service to all of our customers, we are able to adapt our product ranges to suit your requirements. Using our CAD facilities and advanced software, a visual representation of the proposed joinery items can be made available to all of our customers.
